

NOVEMBER 2024

CREVICE

Join us on Saturday, November 16 via ZOOM at 1:00 PM for the Alaska Rock Garden Society's final program of 2024!

Watch a recap of club member Kristina Tornqvist's recent travels to Norway's Tromsø Arctic-Alpine Botanical Garden and Svalbard Island. Tromsø hosts the world's farthest north botanical garden and Svalbard, north of the Arctic Circle, is home to the International Seed Repository.

Experience the flowering season in the rock garden at the Alaska Botanical Garden. The garden was designed and is maintained by Alaska Rock Garden Society members. Kathy Swick and Bonnie Friedman will show us what's flowering month by month as well as provide some background information about the garden we see today.

Crevice is an occasional publication of the Alaska Rock Garden Society for small items.

The masthead is an excerpt from *Eriophorum scheuchzeri* by Rhonda Williams, used with permission.
